ECON 115 01 - Spring 2010****View By Question - Sukjin Han**[Print Page](#)**Question 3**

Was the relationship between the section (if any) and the course effective, and how could it be improved? What are the strengths and weaknesses of your teaching assistant (discussion section leader, lab section leader, grader or other assistant) as an instructor, and how might his/her teaching be improved?

Response 1

Sukjin Han

The sections where great. Sukjin was a great teacher, he filled in any blanks from lecture and clarified some trickier topics.

Response 2

Sukjin Han

Great teacher; often made more sense than Prof Guinnane

Response 3

Sukjin Han

Sukjin is the best! He really helped clarify a lot of material that was brushed over in class.

Response 4

Sukjin Han

I LOVE SUKJIN HAN

Response 5

Sukjin Han

I thought the sections did a nice job of reviewing the material again. I think it would be more helpful however to go over information during the week that is going to be assessed on the upcoming problem set.

Response 6

Sukjin Han

He was by far one of the best TAs I have had at Yale. I always enjoyed going to section and at times I thought he had a much clearer grasp of the material than our professor. He really knows his economics!

Response 7

Sukjin Han

the sections were good, my ta was really great and helpful and they put in a lot of effort to help everyone and they clarified things really well

Response 8

Sukjin Han

Fine, explains things better than Guinnane.

Response 9

Sukjin Han

I thought section was incredibly helpful and that Sukjin was very approachable and helpful. I really enjoyed the econ section.

Response 10

Sukjin Han

Sections were useful at times but sometimes were unnecessary.

Response 11

Sukjin Han

Sukjin was an all right TA, although Rachel Heath, who I talked to in office hours, presents things more clearly. Go to section and go to office hours, they help a lot. Office hours are especially helpful with problem sets.

Response 12

Sukjin Han

Section is not mandatory at all so most people don't go. It was useful before the midterm and final to review.

Response 13

Sukjin Han

Absolutely useless section; I stopped going midway through the semester because it felt like a wasted hour. I would have learned much more by simply teaching myself with the textbook. It was also unbelievably dull... can't we find at least one graduate student with a sense of humor and the capacity to engage a section?

Response 14

Sukjin Han

Fantastic. Very helpful and approachable.

Response 15

Sukjin Han

Sukjin was great. Section was helpful if I didn't understand the week's material, but it should be optional.

Response 16

Sukjin Han

Sukjin was great, very clear and organized, his section really helped me understand.

Response 17

Sukjin Han

Mr. Han was an excellent teaching fellow who complemented the heavy intuitive emphasis of the class with more mathematical insight, which was especially helpful to a student such as myself who sees math as just another language rather than a layer of abstraction. He was very helpful and fair, and was clearly passionate about the subject. If I need further help with economic topics or have questions about economics, I will definitely go to Sukjin.

Response 18

Sukjin Han

Very helpful in covering all the material covered in lecture.

Response 19

Sukjin Han

Sukjin was a great TA. Very informative and helpful.

Response 20

Sukjin Han

Section was especially helpful. Sukjin was very good at breaking down the material.

Response 21

Sukjin Han

Great TF! Much more knowledgeable and competent than the professor himself. Very patient and explained things very clearly.

Response 22

Sukjin Han

I ended up learning most of the information in Section. The lectures were often hard to focus in and the professor went very quickly through the material in the second half of the course, so I depended on section to accurately learn everything

Response 23

Sukjin Han

Section was the most helpful in learning the course material. Sukjin is a great teacher and very patient and very creative in coming up with different approaches to learning the material.

Response 24

Sukjin Han

Sukjin was the best!

Response 25

Sukjin Han

Sukjin. Love it. He clarified a lot of material and was very amiable.

Response 26

Sukjin Han

Very enthusiastic and considerate of his students.
